GNW aims at holistic development of the students by delivering excellence through student centric approach. The congenial college environment enables cultivation of diverse proficiencies. We always encourage advanced learners to be in forefront in all the activities of the college. They are made to participate in Extra Curricular activities and Intercollege Competitions. It needs no mention that they perform exceptionally well in academics and are inspired to get University ranks also. They are nominated as members of various clubs/ societies of college and student council. They are further guided for career planning. Their all-inclusive development is reflected in their performance report. . The student Mentoring Program aims to provide a comprehensive support system to encourage and motivate our students to achieve professional and personal goals. The mentors have one-to-one interaction with the students and they support them systematically in their academic as well as personal growth. The mentors provided additional support to slow learners by counselling, motivating and providing them all sorts of help possible. The institution also organizes Orientation programmes/Induction programmes for freshers. Apart from this, sessions are also included to inculcate positive attitude and competitive spirit. Advanced learners are encouraged to enroll in MOOC Courses. Advanced Learners are encouraged to participate Inter-Collegiate Competitions organized by other colleges. Participation by the students in the in-house competitions such as Debate, Group Discussion, and Quiz Programmes are also encouraged. Talented students are motivated to participate in extra-curricular activities, exhibitions and cultural competitions. The academic achievements of the students are extremely motivated and highly praised by the College.
