

GURU NANAK KHALSA COLLEGE FOR WOMEN Gujarkhan Campus, Model Town, Ludhiana

Under the aegis of Internal Quality Assurance Cell

From the Principal's Desk

EBSB club of Guru Nanak Khalsa College for Women, Model Town, Ludhiana has been created under the 'Ek Bharat Shreshtha Bharat' initiative of the Government of India. The ideology was proposed by the honorable Prime Minister on 31-10-2015, the birth anniversary of Sardar Vallabhbhai Patel, who is known for uniting the country as one nation. The programme aims to give a boost to the existing cultural connect between different parts of the country and enhance interaction between people living in different states. Conceptually, the idea is that each year one state should connect to any other state in India on a reciprocal basis.

The knowledge of the culture, traditions and practices of different states will lead to an enhanced understanding and bonding between each other thereby strengthening the unity and and integrity of India.

I believe that such an initiative to connect people in areas of culture, tourism, language, education trade etc. and citizens will be able to experience the cultural diversity of a much larger number of States/UTs while realising that India is ONE.

Ek Bharat Shreshtha Bhaarat-Journey towards One Nation One Country

Dr. Neetu Prakash Coordinator, EBSB Club Associate Professor, PG Dept. of Commerce

Mrs. Satwant Kaur Coordinator, EBSB Club Assistant Professor Dept of Computer Science & Applications

We feel extremely privileged to be associated with the Ek Bharat Shreshtha Bharat Club of our institution. The initiative 'Ek Bharat Shreshtha Bharat' was announced by Hon'ble Prime Minister on 31st October, 2015 on the occasion of the 140th birth anniversary of Sardar Vallabhbhai Patel. Through this innovative measure, the knowledge of the culture, traditions and practices of different states & UTs will lead to an enhanced understanding and bonding between the states, thereby strengthening the unity and integrity of India. Ek Bharat Shreshtha Bharat programme aims to enhance interaction & promote mutual understanding between people of different states/UTs through the concept of state/UT pairing. The states carry out activities to promote a sustained and structured cultural connect in the areas of language learning, culture, traditions & music, tourism & cuisine, sports and sharing of best practices, etc.

It is important to establish cultural exchanges between people of different regions, as a means to further human bonding and a common approach to nation-building. Mutual understanding and trust are the foundations of India's strength and all citizens should feel culturally integrated in all corners of India. Students from the north-east, for example, should not feel like 'strangers in a strange land' when they arrive in Delhi, or a person from Punjab should not feel like an outsider in Kerala.

We, the Coordinators of EBSB Club assure full support, dedication and commitment towards Government to create an environment of mutual trust and confidence which promotes learning between States by sharing best practices and experiences.

Formation of EBSB Club

Ek Bharat Shreshtha Bharat (EBSB) has been one of the major flagship programmes of the Government to bring in cultural integration of the country as a part of the vision to build a "New India by 2022". The program was launched by the Honourable Prime Minister to promote engagement amongst the people of states and union territories in the country in order to enhance mutual understanding and bonding between people of diverse cultures, thereby securing stronger unity and integrity of India. In view to fulfill the objective of the initiative, we are creating a club called "EBSB Club" with an objective:

- To CELEBRATE the Unity in Diversity of our Nation and to maintain and strengthen emotional bonds between the people of our Country;
- To PROMOTE the spirit of national integration through a deep and structured engagement between all Indian States and Union Territories
- To SHOWCASE the rich heritage and culture, customs and traditions of either State for enabling people to understand and appreciate the diversity that is India, thus fostering a sense of common identity
- ❖ TO ESTABLISH long-term engagements and,
- * TO CREATE an environment which promotes learning between States by sharing best practices and experiences
