# Student Satisfaction Survey

2020-2021

**GURU NANAK KHALSA  
COLLEGE FOR WOMEN**  
MODEL TOWN, LUDHIANA

The session 2020-2021 was conducted amidst the COVID-19 pandemic. The institution had to prepare itself for emergency remote teaching. During these difficult times, the college regularly received informal feedback from students on the teaching-learning process through various communication channels such as online meetings, Whatsapp messages, and telephonic calls. However, due to health challenges and medical emergencies created by the second deadly wave of the pandemic, the college was not able to collect the data on Student Satisfaction in a formal manner.
