**Feedback of
3-day online course on Digital Marketing**

The workshop provided us an opportunity to learn digital marketing. The overall content was very helpful and it was presented in most effective manner. Tricks and tips fondly called as 'dhanias' taught by course instructor will be of great help in future.

Very helpful course. Thank you so much Principal mam for this opportunity and Ajay sir who taught us so wonderfully.

Very informative as everything was explained from scratch. The instructor was well-versed, explained the topics of advertising, blog, and website making, and encouraged practical learning.

Thanks to our faculty and the course instructor who gave us the opportunity to learn from this course. The course was interactive and a knowledgeable one. It was a great experience and looking forward to joining another course.

The way the course instructor attended to the doubts and answered them was the most crucial element that made it a success. Also, it helped me to go deep into the world of digital marketing.

Activity: International Day of Women and Girls in Science

Activity Details: Under the aegis of the Internal Quality Assurance Cell, the Department of Computer Science and Applications in collaboration with Women Development Cell celebrated the International Day of Women and Girls in Science on February 11, 2023. On this occasion, a Digital Poster making competition was organized on the theme 'Women who dared to discover'. 19 students of various streams of the college designed posters highlighting the achievements of prominent women scientists including Marie Curie, Ada Lovelace. The competition was judged by Mrs. Seema Dua, Head of Economics Department and Mrs. Balwinder Kaur, Assistant Professor in Fine Arts. The results of the competition are as follows:

1st Prize- Muskaan (BCA 6th Semester)

2nd Prize- Deepali (BBA 6th Semester)

3rd Prize- Shivangi (BCA 6th Semester)

Appreciation Prize 1: Manchet Kaur (BCA 6th Semester)

Appreciation Prize 2: Sandeep Kaur (MCom 4th Semester)

This event was coordinated with Ms. Daisy Wadhwa and Ms. Satwant Kaur, Assistant Professors in Computer Science. The college Principal, Dr. Maneeta Kahlon, highlighted the objective behind observing this day is to generate awareness of full and equal access to and participation in science for women and girls. She further stressed that women and girls play a critical role in science and technology communities and that their participation should be strengthened.

Activity: Educational Trip to Shimla

Activity Details: With the aim of connecting the students with different cultures in India, a 2-day educational trip to Shimla, Himachal Pradesh was organized by the Department of Computer Science and Applications under the auspices of the Internal Quality Assurance Cell on February 15-16, 2023.

45 students of the college along with their teachers' in-charge, Ms. Daisy Wadhwa, Ms. Harpreet Kaur, and Ms. Richa visited various landmarks in Shimla for a vibrant learning experience. These include, Indian Institute of Advanced Studies (IIAS), Jakhu Temple- an ancient temple dedicated to Lord Hanuman, Himachal Pradesh State Library, the Christ Church, and Gaiety Theater. Students enjoyed the beautiful Shimla weather by spending time on the famous Ridge and the Mall Road. They also visited Lakkar Bazar to view the artisans' woodwork creations. The college Principal, Dr. Maneeta Kahlon said that educational trips provide students the opportunity of experiential learning and multi-dimensional exposure to the different facets of life as well as culture and heritage.

Activity: Activity on Design and Showcase your website

Activity Details: A website designing activity was organized for the students of BCA 2nd Semester in the month of April. The activity began on February 21, 2023, when the students used an online voting app to choose a topic for a sample website that they wanted to create. After researching the chosen topic and working on their websites, students self-nominated to showcase their completed websites using a Google Form. On March 6, 2023, the day of the presentation, four students, Hritika, Sana, Khushi, and Sameepya, presented their work. In order to avoid bias in selecting students for presentation, an online random name picker was used. To keep the post-presentation discussion focused, the discussion was moderated through a set of questions that required the students to highlight the learning from the activity as well as mention any problems/ challenges faced while designing the website and how these challenges were overcome. This project-based learning activity was designed and facilitated by Ms. Daisy Wadhwa, Head, Department of Computer Science and Applications. The objective of this activity was to encourage active learning among students. In addition, the peer review of the websites helped in further refining the showcased work.
