## CRITERION I – CURRICULAR ASPECTS

### 1.1 - Curricular Planning and Implementation

#### 1.1.1 - The Institution ensures effective curriculum delivery through a well planned and documented process

The process of curriculum planning and implementation at GNKCW is as per the directives laid down by affiliating Panjab University, Chandigarh.

- All the Departments maintain their respective **teaching plans** for each course based on the **academic calendar** made available by P.U.
- The curriculum follows a **trans-disciplinary approach** and is based on **human values, Indian knowledge system, gender awareness, technical advancement, and ecological sustainability.**
- Each department conducts **academic monitoring meetings** every semester for close review. Corrective measures/ actions, if any, are suggested based on the appraisal of the curriculum.
- **Internship programs/ field visits/ trainings** are given paramount importance.
- Classroom teaching is supplemented by **experiential learning**. Research based pedagogical tools like Case-study method, clinical studies, educational tours, and usage of ICT tools are intrinsic to curriculum delivery.
- **Assignments and projects** form other tools for a summative score at the end of the semester
- We engage in a continuous process of interaction with students through **Mentoring Meets** and obtain **feedback** from different stakeholders in a formal/ informal manner to enrich the teaching learning processes.
