Ludhiana.

2.2.1 THE INSTITUTION ASSESSES THE LEARNING LEVELS OF THE STUDENTS AND ORGANIZES SPECIAL PROGRAMMES FOR ADVANCE LEARNERS AND SLOW LEARNERS

Advance learners are the students who grasp a taught topic relatively faster than the other students in the class and score high marks. These students are with better academic understanding. On the other side slow learners are students who mostly fall behind in their academic aspirations and find difficulty in understanding different subjects. Their slow performance may be due to socio- economic background, lack of motivation and support, or even the inability to converse in devised medium of instructions.

At GNKCW, admission to various courses is based on merit. Therefore, the admitted students represent a combination of bright students and average students. To help them to cope up with the new learning environment, a number of measures are taken by the Institute for their betterment.

Objectives

- To develop strategies for the benefit of both the advance and slow learners.
- To encourage the advance learners to be stupendous achievers.
- To motivate for innovative and creative mindset.
- To minimize the gap between slow and advance learners.
- To organize the workshop/seminar programs for both slow and advance learners.

Measures taken

- 1. Equal Opportunity Cell:** Equal Opportunity Cell is dedicated towards ensuring that students from communal, regional and economic spectrums are able to access the resources and infrastructure of the college with safety and dignity. The cell works for affirmative action concerning physically challenged students and students belonging to SC/ ST/ OBC and minority communities facing financial constraints with a view to eliminate social disparity. The cell takes care of the needs of slow learners by conducting extra/ remedial classes for them so as to help them cope up with their studies. The cell also provide guidance and counseling to students specially slow learners on academic, social and other psychological matters.
- 2. Parent Teacher Meet:** Parent teacher meeting is a regular activity in college. Parents of students are informed in case of poor academic performance and psycho-social problems whenever necessary. At the end of each semester, parent teacher meeting is organized for all classes wherein parents are welcomed in the college to discuss the performance of their wards with respective mentors. During such meets, strengths and areas of improvement are discussed and any other kind of input by parents is appreciated. Suggestions of parents are discussed after the PTM with the management and accordingly implemented (wherever possible).

- 3. Mentor-Mentee relationship:** The College has a well-established counseling system/ mentorship system in place. Students are assigned to, identified faculty who act as their mentors/counselors. The mentor is required to maintain a Students' Record, to keep track of the records of the mentees. They conduct regular meetings with their student mentees to monitor their academic progress. Mentors keep a close eye on these students and keep their parents informed about their performance. This is to help and to identify the slow learners as well as the advanced learners from each batch of each year and every course. Through a mentor-mentee system, all kinds of support is provided to the slow learners. The mentor also identifies other skills and strengths and encourages them to hone them which helps build self-confidence resulting in improvement in academic performance also. The mentor takes extra effort to understand the socio-economic backgrounds also which is sometimes a reason for poor performance. All necessary emotional and professional counseling is also provided whenever required. The mentor also connects the weak learners for the subject teachers with whom they are comfortable for extra support. Mentors engage with slow learners and assist them by helping in completion of assignments and arranging extra and remedial classes for them. In case of Advance learners, faculty encourages and motivates them to perform better in academics as well as provides them different platforms for their professional development.
- 4. Library facility:** Library facility is available to all students and the learners of all categories are permitted to borrow the books from the library for effective preparation and to collect extra references for the content presentation in the examination.

IDENTIFY SLOW AND ADVANCE LEARNERS

We believe in outcome-based education, where we identify students as slow learners and advanced learners. Following parameters are used to identify slow and advance learners by their respective mentors:

- Attendance
- General awareness
- Class Tests
- Attentiveness
- Performance in Mid Semester Exams
- Assignments
- Mentor-Mentee Relationship
- Classroom performance/Interaction

INITIATIVES FOR ADVANCE AND SLOW LEARNERS

The following Special activities are conducted for Advanced Learners:

- Bright and diligent students are motivated and inspired to get university ranks.
- Semester toppers and university rank holders are honored.
- Encouraging participation in various activities like quiz, presentations, group discussions etc.
- Guiding for career planning.
- Encouraging them to help their fellow slow learners and foster peer learning.
- Nominating them as members of various clubs/ societies of college and student council.

The following activities are conducted for slow Learners:

- Remedial classes conducted for Slow Learners.
- Personal Attention
- Special Coaching class and Counseling is given to slow learners by mentors and counseling cell.
- Previous year Question papers and Question Banks for all subjects are circulated among Slow learners.
- Students are given repeated practice on important questions.
