REPORT

INTERNATIONAL DAY FOR BIOLOGICAL DIVERSITY

Theme - "From Agreement to Action: Build Back Biodiversity"

Guru Nanak Khalsa College for Women, Gujarkhan Campus, Model Town, Ludhiana In collaboration with Punjab Biodiversity Board (PBB)

To mark International Day for Biological Diversity as the countdown to the International Day for Biological Diversity which falls on May 23, Guru Nanak Khalsa College for Women has planned several activities to increase the understanding and awareness of biodiversity issues. Under the guidance of Dr. Parveen Arora, these activities are being conducted. To carry on the theme "From Agreement to Action: Build Back Biodiversity" organized by Eco Club in collaboration with Punjab Biodiversity Board (PBB). The main objective of the observance this remarkable day is to sensitize the students and Civil Society & local area to protect the biodiversity and sustaining it for future.

DETAIL OF ACTIVITIES UNDERTAKEN

Activity-1

Activity Organizer: Biodiversity Cell, Eco Club & Department of Home Science
Nodal Officer: Dr. Parveen Arora

Objectives:

- To promote sustainable environment.
- To create awareness of harvesting local vegetables and foods in the campus and locality.

The Practice:

Under the activity of promoting locally and organically grown fruits, faculty members were given the chance to taste the seasonal & locally grown fruits. At the same time, Mrs. Shikha Kalra (Department of Home Science) delivered a short talk expressing on the need to eat seasonal fruits only.

Principal Dr. Maneeta Kahlon personally made efforts in this regard and expressed special gratitude for the support of Punjab Biodiversity Board.

Outcomes:

• Students learned about use of leftover seeds of fruits and vegetables and planting them in a small area to save the environment and also use them for better health.

• Students were motivated about the quality of soil and its maintenance in planting.

Activity-2

Activity Organizer: Biodiversity Cell, Eco Club & Department of Home Science Nodal Officer: Dr. Parveen Arora

Objectives:

- To celebrate the year of millets 2023 and promotion of millets in the local area.
- To save the health of coming generation not to go after junk foods and have a balance diet.

The Practice: The year 2023 is being celebrated as the Year of Millets. Under the Biodiversity celebrations, the faculty members made a visit to Guru Nanak Khalsa Girls Sen. Sec. School, Model Town. A request was made to include millet micro greens in the daily diet of the students. The students were apprised about the importance of including millets in their day to day lives.

Principal Dr. Maneeta Kahlon personally made efforts in this regard and expressed special gratitude for the support of Punjab Biodiversity Board.

Outcomes:

- Civil Society and youth were aware about the benefits of the millets in their day routine.
- Promotion of millets to celebrate the millet year 2023.

tivity-5

Activity Organizer: Biodiversity Cell, Eco Club & Greenery Management

Nodal Officer: Dr. Parveen Arora

Objectives:

- To plant trees to reduce the impact of pollution.
- To make aware the volunteers about the names of these plants.

The Practice: The activities aimed to increase students 'understanding and awareness of biodiversity issues and to make them aware about the fauna present in the campus and local area. These trees also help in reducing the impact of pollution and maintain a comfortable living biome for the living organisms.

Principal Dr. Maneeta Kahlon personally made efforts to in this regard and expressed special gratitude for the support of Punjab Biodiversity Board.

Outcomes:

- Creating awareness about planting different types of trees to make the environment clean and pollution free.
- Volunteers made aware about the importance of growing trees to save our present and future life.

Activity-6

Activity Organizer: Biodiversity Cell, Eco Club & Greenery Management

Nodal Officer: Dr. Parveen Arora

Objectives:

- To promote the idea of sustainable biodiversity by growing medicinal plants, herbs and local seasonal vegetables and fruits.
- To live a healthy life by using locally grown plants.

The Practice: The activities aimed to increase students' understanding and awareness of biodiversity issues and to make them aware about the fauna present in the college. During these activities that spanned four days, students explored the campus for the Flora and fauna which grows in the college campus. The college maintains a good number of almost 25 varieties of trees which includes Kinnow, Orange, Amla, Guava Anjeer, Papaya, Jamun, Tulsi, Mint, Curry Leaves, Aswanganda, Neem, Tali, Satpatia, Imli, Deg, Fox Tail Palm, Ashoka, and Mulberry. Pilken, China Palm etc. The college grows its own vegetables with the help of vermi-compost produced in the college campus itself. These vegetables are grown without any pesticides spray.

Principal Dr. Maneeta Kahlon personally made efforts to in this regard and expressed special gratitude for the support of Punjab Biodiversity Board

Outcomes:

- Growing medicinal plants, herbs and local seasonal vegetables and fruits to live a healthy life.
- Creating awareness to plant herbs and local gardening at their own level to the civil society.
