About Club

Eco-club is a voluntary group of students and staff which promotes the environmental awareness, conservation of natural resources, control of pollution, reduction of plastic usage, planting of trees, water management etc. It also encourages the students in clean and green consciousness through various innovative methods. The Eco-club takes the support of Biodiversity Cell, NCC and NSS Unit for increasing the greenery of the campus and other eco-friendly activities.

Objectives

- To encourage the students to plant more number of trees in the college campus, their homes and villages for increasing the greenery.
- To conduct Clean and Green, Swachhta Mission activities in the college campus.
- To create awareness on various environmental issues like Climate Change, Global Warming, Greenhouse effect, Acid rains, Pollution, Environmental movements and laws.
- To promote culture of Conservation of natural resources, Water management, Rain water harvesting and Solid Waste management.
- To educate students about reducing the usage of plastic, polythene bags and importance of 3Rs (Reduce, Reuse and Recycle).

Major Activities

- Organising seminars, workshops, guest lectures on various environmental issues.
- Conducting mass plantation programmes.
- Campaign against usage of plastic and polythene made articles and bags.
- Making Eco-friendly items with waste and used materials.
- Encouraging home gardens and departmental indoor gardens.
- Promoting Clean and Green, Swachhta Mission activities in the college.

World Environment Day

Under the aegis of IQAC, the NCC wing of Guru Nanak Khalsa College for Women, Ludhiana celebrated 'World environment day'. On this day, students pledged to collectively work towards protecting Mother Nature. With the aim that multiple small steps can bring in a major change, students also planted a plant, to contribute in making our planet greener and healthier.

More than 25 cadets took part in this activity.

World Nature conservation Day

Under the aegis of IQAC, the Eco Club in collaboration with SES REC, Guru Nanak Khalsa College for Women, Gujarkhan Campus, celebrated World Nature Conservation Day on July 28, 2023.

Under this activity, students were told about the significance of Nature and how human beings should act more responsibly to conserve our Nature. A number of students from various classes participated in the activity and shared their views on conservation of nature. On this occasion, a pledge was also taken where the students vowed to plant trees for their future generations.

Swachhta Pakhwada Program

Role of Fruit Plant in Environmental conservation

Under the aegis of Internal Quality Assurance Cell, Guru Nanak Khalsa College for Women, organized a lecture on September 11, 2023 as part of the Swachhta Pakhwada Celebrations. The topic of the lecture was, “The Role of Fruit Plants in Environmental conservation.”

The resource person on the occasion was Dr. Gagandeep Kaur, Senior Horticulturalist, PAU, Ludhiana. She talked about the nutritional value of fruits and vegetables and motivated the audience about growing their own fruits and vegetables so that they can avoid the harm created by fruits and vegetables purchased from the markets.

International Day for the Preservation of Ozone Layer

International Day for the Preservation of Ozone Layer observed at GNKCW

Under the aegis of IQAC, the Social Entrepreneurship, Swachhta and Rural Engagement Cell and Eco club of Guru Nanak Khalsa College for Women, Model Town, Ludhiana, screened a documentary film related to ozone layer depletion on occasion of International Day for the Preservation of Ozone Layer on September 16, 2023.

The day is celebrated commemorating the date when the Montreal Protocol on substances that deplete the Ozone Layer was signed in 1987. The purpose of this activity was to raise awareness among students to save the depletion of ozone layer. Dr. Parveen Arora explained the students about various reasons of ozone depletion and encouraged them to limit the use of air conditioners for its prevention.
