### **The legacy of the Home Science Department and its present status:**

The Guru Nanak Khalsa College for Women, Gurjarkhan Campus, Model Town, Ludhiana, established the Home Science Department in 1975. In beginning this department had just one Lecturer. There were only 60 students enrolled in prep school, and 25 of them were first-year students. Initially, there was only one laboratory available. The department lacked a lab attendant. A lab assistant was employed in 1980 shortly after one attendant was hired in 1976. The department added a second lecturer in 1978. The second lab was built in 1982 at the same time that the student body was expanding. The Department was placed on the Ground floor. In 2001–2002, however, the entire department was transferred to the first floor.

There are currently two labs in total—one for cooking and one for sewing. There is a single staffroom with a restroom next to it for the teaching staff. One storage room is available for keeping extra equipment, sewing machines, and other necessities

Additionally, a single attendant's room has been built so that she may provide the students during practical with anything they require. In order to ensure that sessions ran smoothly as enrollment increased over the following years, a timetable of four faculty members—two permanent, two adhoc, one lab assistant, and one lab attendant—was set up. Over time, prep or Sr. Sec programmes were rescheduled for school Levels, and only degree-related coursework remained as a component of higher education. One Adhoc and one Permanent Faculty member, as well as a Lab Assistant and a Lab Attendant, comprise the department as of right now.
