Activity 1: World Water Day Observed at GNKCW

World Water Day, with the theme "Glacier Preservation," was observed by the Water Management Committee of Guru Nanak Khalsa College for Women, under the supervision of Water Management Coordinator Dr. Kuldeep Kaur on March 22, 2025. This day was observed under the instructions of MGNCRE, Ministry of Education, Government of India , Punjab State Council for Science and Technology as the state implementing Agency and the Ministry of Environment, Forest and Climate Change as the supporting Agency for the Environment Education Programme.

A key focus of World Water Day is supporting the achievement of Sustainable Development Goal 6, which aims to ensure water and sanitation for all by 2030. This year, the event emphasized the crucial role that glaciers play in preserving freshwater supplies globally and highlighted the urgent need for conservation efforts in response to climate change.

The event was live-streamed online from 11:00 AM to 12:30 PM from Kot Panchayat through NITTTR Chandigarh as part of the Unnat Bharat Abhiyan.
