| 32 | Thursday March 20, 2025 | To observe World Sparrow Day | <p>World Sparrow Day was observed in the college on March 20, 2025. This day was observed under the guidance of Punjab State Council for Science and Technology as the state implementing Agency and the Ministry of Environment, Forest and Climate Change as the supporting Agency for the Environment Education Programme. Celebrated annually on March 20, World Sparrow Day raises awareness about the declining population of sparrows and the urgent need for conservation. These small yet vital birds, once commonly found in urban backyards and green spaces, have seen a significant decline over the past two decades. The theme for 2025, "A Tribute to Nature's Tiny Messengers," emphasized the crucial role sparrows play in maintaining ecological balance and encouraged conservation efforts. On this occasion, Madam Principal Dr. Maneeta Kahlon engaged in a meaningful discussion with students, highlighting the importance of biodiversity and the need to take proactive steps to protect these tiny yet essential creatures.
